

PCB ANTENNA

Model: PA2212, PA2216, PA2220
 PA2224, PA2228

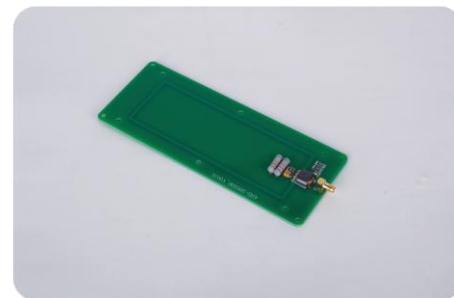

PCB antenna is a series of built-in antenna with variety of specifications, parameter deviation can be fine-tuned through integrated tunable circuit and keep antenna in good condition when environment changing.

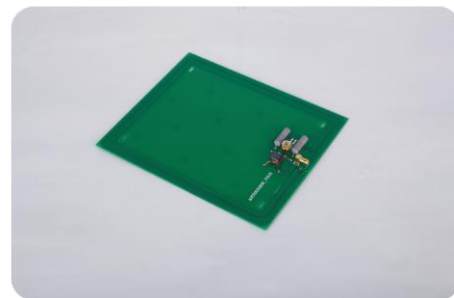

PA2212

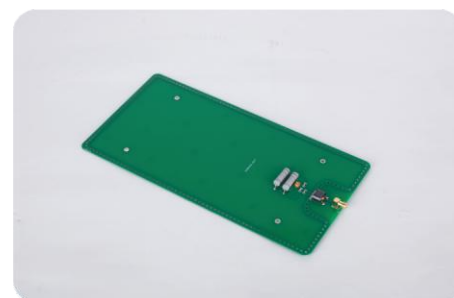

PA2216

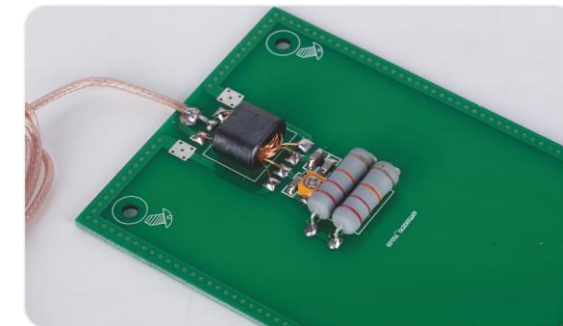

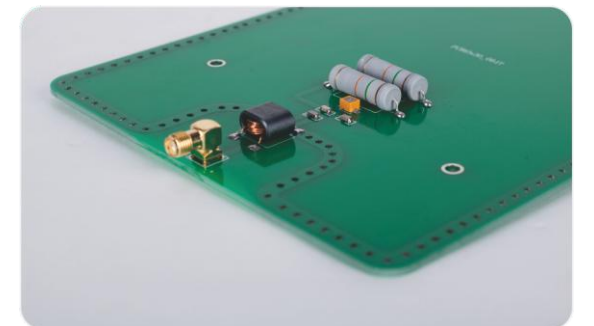

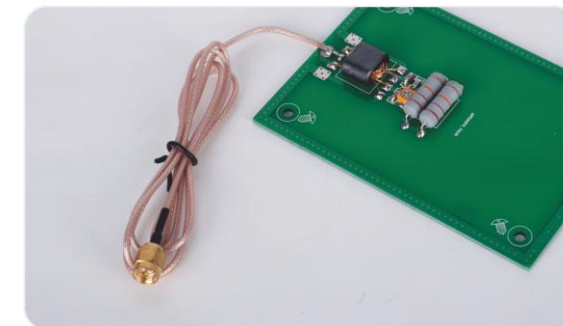

PA2220

PA2224

PA2228

Technical Specification

Model Name	PA2212	PA2216	PA2220	PA2224	PA2228
Operating Frequency	13.56Mhz				
Communication Interface	SMA				
Impedance	50 Ω				
Maximum Power	4W				
Reading Range (2W)	30cm	56cm	30cm	45cm	50cm
Dimension (L*W*H)	100*70mm	220*220mm	200*80mm	220*180mm	300*150mm
Weight	40g	90g	95g	140g	190g
Feeder Length	0.8m	2m,2.5m,3.5m (Optional)			
Housing Material	No
